More About Why You Want to Work in Japan				

Why do you want to work in Japan? (日本で働きたい理由は何ですか？)	• Inspired by Japan’s culture of innovation, precision, and discipline • Strong alignment with the Kaizen philosophy of continuous improvement • Eager to contribute to high-tech environments and learn from Japanese culture
What kind of career would you like to create in Japan? (日本でどのようなキャリアを作りたいと思いますか？)	• To work as a full-stack/product engineer developing real-world systems • Interested in automation, DevOps, and scalable digital solutions • Seeking growth in a collaborative and innovative engineering team • I want to continuously grow by working on challenging, hands-on projects that push me to learn and evolve. • I'm looking forward to being part of a collaborative work environment where I can share ideas, develop new skills, and contribute meaningfully to the team and the industry.
What challenges do you foresee in adjusting to life in Japan, and how would you address them? (日本の生活にどのような課題があると思いますか？それをどのように対処しますか？)	• Language and cultural differences might be initial challenges. • I will address them by improving my Japanese skills and embracing local customs with respect and openness. • Adapting to weather conditions of the Japan.
